

# Education Cuts Hurt Kids! Act Now!

**The attacks on the education of our children  
have hit with terrifying speed.**

**We cannot wait. We must ACT NOW!**

Governor Christie proposed over \$1 BILLION in new cuts to New Jersey schools. The legislature must vote on the proposed cuts before July 1. If these cuts pass, all students in New Jersey will lose services. This would be a disaster for New Jersey's future.

**DON'T USE OUR CHILDREN TO BALANCE THE STATE BUDGET!  
PROVIDE THE SCHOOL FUNDING THEY ARE DUE BY LAW!**

We urge every parent, concerned citizen, student and teacher to contact their legislators and tell them: These funding cuts hurt OUR kids. Oppose any budget that cuts school funding.
